

CHRISTIAN MEN IN BUSINESS SERIES

Below is the confirmation email we sent to the men who had agreed to speak to our group, for our Christian Men in Business series. It summarizes what we asked the men to speak about.

I approached each men individually, either asking in person or sending a personal email. We invited three Christian men from the community, and three fathers from families in our Wisdom's Way.

More than once, people suggested I speak, myself; but I was very careful to choose only men. The children see what we ladies are up to as mothers every day—and every week at WW. And the world gives them *more than enough examples* of strong, successful women. It is very rare to hold up a series for men only, and I think our boys need that.

As an aside, I was amazed that every man I invited (all of my first choices) readily agreed to speak to our group! And they all prepared notes and everything, which I had certainly not asked them to do! It seems that our Christian men value to opportunity to speak into the lives of students, especially to inspire boys.

Email Subject: Wisdom's Way Career Talks :)

Hello all,

Thank you *so much* for agreeing to speak to our students this year! We are so excited for you to come and give our students - the boys and young men, particularly - ideas about they can serve the Lord through their vocations. Your Christian testimonies are just the sort of examples of quiet and peaceable lives, well-lived to the glory of God, that our boys might aspire to (and our girls aspire to lovingly support as future wives!).

We have planned a time for you to speak from 9:30 - 10:00, on your day. Here are the dates I have down for each of you:

April 4th - (Guest #1), lawyer

April 11th - (Guest #2), pastor

April 18th - (Guest #3), flooring business owner

April 25th - (Guest #4), restaurant owner

May 2nd - (Guest #5), septic system business owner

May 9th – (Guest #6), engineer, contributor to the Apollo moon missions

Address: 402 N.Center St., Bonham. UPSTAIRS. :)

For those of you who are familiar with our space, we plan to have you speaking in the Assembly room. If you haven't visited with us before, once you are upstairs, you will find our Assembly room all the way in the back.

We will have a small podium and a white board at your disposal (it doesn't erase as nicely as it should, but it's nice and big, and it'll do the job), if you would like to make use of them. If you were not planning on using visual aids or notes, please know that our students are not expecting anything like that!

It's a group of about 20 students, ages 5 to 16, plus the moms. [Here's](#) our webpage; it has our address and a bit more about us, for anyone who's interested. :)

We are *so thankful* you're willing to share with our students!! We are *so* looking forward to it!!!!!!

Thank you again!
